CUSTOMS CLEARANCE

We provide comprehensive cargo support during customs procedures. We prepare a full package of documents, helping to reduce duties and avoid delays at the border

import

export

**all types
of cargo**

PROJECT LOGISTICS

We undertake the full cycle of delivery of bulky and non-standard cargoes - from planning to the final point

Your benefits:

- **Risk reduction** - we comply with all requirements and regulations, eliminate fines and delays
- **Budget savings** - we select optimal routes and modes of transport
- **Reliable timing** - we guarantee delivery on the agreed dates
- **Minimum worries** - all coordination, permissions and control are on us
- **Responsibility for the result** - from loading to final delivery

TRADE AGENCY

Perform import and export operations through a network of companies and agents

The service is widely in demand in the field of international trade due to:

We implement the entire import procurement process for and for the client:

We arrange talks with the Supplier /conclude transactions/ensure the reliability of mutual settlements

it doesn't require the Client's participants in conclusion of a foreign contract

there are no customs, currency and tax risks

from a contract conclusion with a Company of a Buyer

to the delivery of cargo to end users

TRANSPORTATION ALONG THE NORTHERN SEA ROUTE

We use the shortest sea route between Europe and Asia for cargo delivery

- 01 **Reduction of delivery time** - 1.5-2 times faster than through the Suez Canal
- 02 **Cost optimization** - less fuel and logistics costs
- 03 **Unique opportunities** - delivery to Arctic and remote regions
- 04 **Reliability and control** - full transportation support and compliance with international standards
- 05 **Cargo safety** - modern fleet, icebreaking escort
